INDEPENDENT AUDITORS' REPORT

Honorable Michael Roberts, Mayor
and Members of the Board of Aldermen
Town of Ridgecrest, Louisiana

We have audited the accompanying financial statements of the governmental activities and the business type activities of the Town of Ridgecrest, Louisiana as of and for the year ended December 31, 2005, which collectively comprise the Town's basic financial statements of the primary government as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express opinions on these financial statements based on our audit. The prior year comparative information has been derived from the Town's 2004 financial statements and, in our report dated June 28, 2006 we expressed unqualified opinions on the respective financial statements of the governmental activities, the major fund, and the aggregate fund information.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the business type activities for the primary government of the Town of Ridgecrest, Louisiana, as of December 31, 2005, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Honorable Guy R. Lain, Mayor
and Members of the Board of Aldermen
Page Two

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2006 on our consideration of the Town of Ridgecrest, Louisiana's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The management's discussion and analysis and budgetary comparison information on Page 3 through 7 and Pages 30 through 32 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

**TOWN OF RIDGECREST, LOUISIANA
MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED DECEMBER 31, 2005**

As management of the Town of Ridgcrest, Louisiana, we offer readers of the Town of Ridgcrest, Louisiana's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal years ended December 31, 2005 and 2004. We encourage readers to consider the information presented here in conjunction with additional information found within the body of the audit.

FINANCIAL HIGHLIGHTS

The financial statements included in this report provide insight into the financial status for the year. Based upon the operations of 2005 and 2004, the Town of Ridgcrest's net assets decreased and resulted in ending net assets of \$1,010,106 at December 31, 2005, and \$1,032,165 at December 31, 2004.

1. The cash balance for the Town of Ridgcrest was \$106,911 in 2005 and \$91,673 in 2004.
2. The general fund had \$118,191 in revenues for 2005, compared to \$127,826 in 2004. These primarily consisted of the property taxes, local occupational license taxes, franchise taxes and sales tax. There was \$96,538 in general fund expenditures for 2005, and \$115,551 for 2004.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town of Ridgcrest's basic financial statements. The Town's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the Town's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the town is improving or deteriorating.

The statement of activities presents information showing how the Town's net assets changed during the most recent fiscal year.

The government-wide financial statements outline functions of the Town that are principally supported by property taxes and intergovernmental revenues (governmental activities). Fixed assets and related debt is also supported by taxes and intergovernmental revenues.

The government-wide financial statements can be found on pages 9-10 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives.

The basic governmental fund financial statements can be found on pages 12-18 of this report.

TOWN OF RIDGECREST, LOUISIANA

Notes to Financial Statements December 31, 2005

INTRODUCTION

The Town of Ridgecrest, Louisiana was incorporated under the provisions of the Lawrason Act as a Town in 1962.

The purpose of the municipality is to provide utility services, public safety (police and fire), streets, sanitation and general administrative services.

The Board of Aldermen consists of five elected members.

The Town is located in the north east portion of Concordia Parish, Louisiana. Concordia Parish is located in east central Louisiana.

The population of Ridgecrest, Louisiana is approximately 835 persons.

The Town of Ridgecrest, Louisiana has three full time and one part time employee.

The Town of Ridgecrest, Louisiana has approximately 300 utility customers.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

This report includes all funds and account groups that are controlled by or dependent on the Town executive and legislative branches (the Mayor and Board of Aldermen). Control by or dependence on the Town was determined on the basis of budget adoption, taxing authority, authority to issue debt, election or appointment of governing body, and other general oversight responsibility.

B. Fund Accounting

The accounts of the Town of Ridgecrest are organized on the basis of funds and account groups each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped in the financial statements in this report into two generic fund types as follows:

Governmental Funds –

General Fund

The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Proprietary Fund –

Enterprise Fund

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises-where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

C. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used by all governmental funds, expendable trust funds, and agency funds. The governmental funds and expendable trust funds use the following practices in recording revenues and expenditures:

Revenues

Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures

Expenditures are generally recorded when a liability is incurred, as under accrual accounting.

Other Financing Sources (Uses)

Transfers between funds that are not expected to be repaid are accounted for as other financing sources (uses).

D. Budgets and Budgetary Accounting

The Town has total revenues of less than \$250,000 and does not have the same budgetary process that is required of municipalities with total revenues of greater than \$250,000. The Town's budget is prepared by the Town Clerk and is adopted at a regular meeting of the Board of Aldermen. The Board of Aldermen may amend it during the year. All budgetary appropriations lapse at the end of each fiscal year.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

E. Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the municipality may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

F. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The municipality maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Streets and Parking areas	40 Years
Buildings	40 Years
Equipment	5 – 15 Years

G. Compensated Absences

The Town has implemented GASB Statement No. 16, *Accounting for Compensated Absences*. Under GASB Statement No. 16, a liability for unpaid vacation that is attributable to services already rendered and that is not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to benefits.

Notes to Financial Statements
December 31, 2005

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

The entire compensated absence liability is reported on the government-wide financial statements. For governmental fund financial statements, the current portion of unpaid compensated absences is the amount that is normally expected to be paid using expendable available financial resources. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated leave are paid. The non-current portion of the liability is not reported.

H. Bad Debts

Uncollectable amounts due for ad valorem taxes and customers' utility receivables are recognized by the direct writ off method.

I. Total Columns on Combined Statements – Overview

Total columns on the Combined Statements – Overview are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 2 – CASH AND CASH EQUIVALENTS

The following is a summary of cash and cash equivalents (book balances) at December 2005:

Demand deposits	\$ 68,772
Time deposits	<u>38,139</u>
Total	<u>\$ 106,911</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2005, the primary government has \$109,361 in deposits (collected bank balances). These deposits are fully secured from risk by federal deposit insurance.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Guy R. Lain, Mayor
and Members of the Board of Aldermen
Town of Ridgecrest, Louisiana

We have audited the financial statements of Town of Ridgecrest, Louisiana as of and for the year ended December 31, 2005, and have issued our report thereon dated June 28, 2006. We have conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Town of Ridgecrest, Louisiana's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an object of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance that is required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town of Ridgecrest, Louisiana's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general-purpose financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses.

Honorable Guy R. Lain, Mayor
Town of Ridgecrest, Louisiana
Page Two

However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgement, could adversely affect the Town of Ridgecrest, Louisiana's ability to record, process, summarize and report financial data consistent with the assertions of management in the general purpose financial statements. A reportable condition is described in the accompanying schedule of findings and questioned costs are item 2005-1.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions, and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe the reportable condition described above is not material weaknesses.

This report is intended for the information and use of management of the district and the Legislative Auditor of the State of Louisiana. However, this report is a matter of public record and its distribution is not limited.

Schedule of Findings and Questioned Costs
Year Ended December 31, 2005

Summary of Audit Results

1. The auditor's report expresses an unqualified opinion on the General Purpose Financial Statements.
2. One reportable condition was disclosed during the audit of the financial statements reported in the Report on Compliance and on Internal Control Over Financial Reporting Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards.
3. No instances of noncompliance with certain laws and regulations of Town of Ridgecrest, Louisiana were disclosed during the audit.

Findings – Financial Statement Audit

Reportable Conditions

2005-1 – Segregation of Duties

We noted that the Town of Ridgecrest, Louisiana does not have adequate segregation of duties. To increase internal controls, we recommend adequate segregation of duties. Because of lack of segregation of duties, internal controls are weakened.

We recommend that an attempt be made to strengthen internal control problems created by having few employees.

Response: Management indicated that it would not be cost efficient or feasible to increase the number of employees.
